Deliverables

Delivearables				
hint	Show hint button after some secs or when answer is wrong	Accomplished		
creating objects	to create user object which holds all data	in progress		
lives	One life should be deducted for choosing one wrong answer	Accomplished		
redo	start b the quiz again	in progress		

Lessons Learned

Reflections	
oops in javascript	able to create user object
core select	

Plan for next week

Plans	
update hint	need to clear bug in hint
unselecting choices	need to clear bug or else objects cannot be acomplished
update redo	need to update redo
finish
